

## REMARKS

The foregoing amendments to the specification are made to insert SEQ ID NO identifiers associated with sequences throughout the specification. The amendment to claim 75 is made to correct a typographical error in SEQ ID NO:130 recited in the claim. Support can be found, for example, on page 18 of the specification.

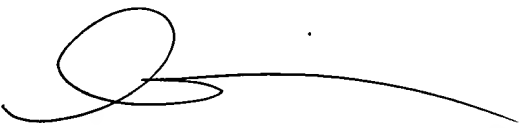

Applicants believe that the present application is now in condition for allowance. Favorable reconsideration of the application as amended is respectfully requested. The Examiner is invited to contact the undersigned by telephone if it is felt that a telephone interview would advance the prosecution of the present application.

Should additional fees be necessary in connection with the filing of this paper, or if a petition for extension of time is required for timely acceptance of same, the Commissioner is hereby authorized to charge Deposit Account No. 50-4634 (referencing Attorney's Docket no. AFX-0001-C7.US/ 123886-181973) for any such fees; and applicants hereby petition for any needed extension of time.

Respectfully submitted,
